# Mt. Baldy Contra Dance Weekend

**March 9-11, 2012** Friday Evening – Sunday Evening

Come join us for our 13<sup>th</sup> annual weekend of dance and mountain sports on the slopes of Mount Baldy, in the San Gabriel Mountains (30 miles east of Los Angeles). The camp is held at the beautiful Harwood Lodge, a Sierra Club facility north of Claremont, California. Dance schedule allows time

for outdoor activities: hiking, mountain biking, skiing (snow permitting), or cozy indoor lodge activities: dance workshops, music jams (bring your instruments!), or quiet time...

**Susan Petrick** - By profession Susan is a cognitive psychologist who does software usability research for Intuit in Reno and San Francisco Bay area. In contra dance circles, she has been teaching and calling for ten years and is a regional treasure rapidly gaining national prominence. Her efficient guidance, expert pacing, and gracious manner make even complex dances accessible to all. Susan travels and calls throughout the country in addition to up and down the West Coast. She also regularly leads popular workshops on waltz, hambo, and other couple dances.

**Bonfire** - **Bonnie Insull** - flute, whistles, foot percussion  
**Richard Scher** - keyboard, percussion  
**Frank Hoppe** - fiddle

**Dancing** - Lively contra dances will be held in the grand, yet intimate Harwood Lodge Friday evening through Sunday morning. As part of the camp package, attendees are invited to attend the jam, potluck and 2<sup>nd</sup> Sunday La Verne Contra Dance (also open to the public).

**Accommodations** - Sierra Club's historic Harwood Lodge is a beautiful stone lodge with a large dance room and wooden floor. The lodge also has a dining / lounge area with a large fireplace and full kitchen. Two dorms on the top floor contain thirty bunk beds each. Attendees will have plenty of room to spread out in dorms. Outside sleeping options include tent camping, small RV or under the stars on the porch. Lodge shower facilities are limited; however attendees will have use of the neighboring Mt. Baldy Zen Center showers.

**Weather** – Often variable & unpredictable; lodge is located 6300 feet above sea level.
